Dear Joe:

Here is the proposal I mentioned. Really interesting. Japan won't do it. If a non-aligned country did it, it would be even more meaningful. It might be a splendid solution to a number of problems. It definitely would strengthen the position with regard to the Seabed Authority headquarters.

All the best to all of you.

Yours as ever,

Elisabeth Mann Borgese.

Dear Madam,

I have just received back safely the photographs and colour slides loaned to you for perusal in "OCEANS" magazine. A few days earlier, I also received through the Directors of Impact Publications, the handsome cheque for \$300.

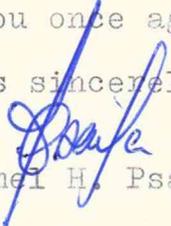

I was thinking of waiting for the complimentary copies of the magazine - which I am told are being sent under separate cover - before I write to you to thank you for your kindness. However, I have now realized that the magazines might take some time to reach me and I certainly did not want to leave it all that long to write back to you.

Dear Madam, you can be sure that the publication of my work in "OCEANS" is yet another milestone in my photographic career and I am indeed proud to have been able to satisfy your requirements. I am also very grateful to Messrs. Joe Grima and George Cini of Impact for introducing me to you. This is not the first time that they have been instrumental in helping me publicize my work and I am happy to say that in the last few years we have struck a very good combination. I am particularly pleased to work for them because their publications are always of a very high standard and meticulously produced.

I am now keenly looking forward to receiving "OCEANS" and sincerely hope that this will not be the only occasion in which I can offer you samples of my work for publications of such a vast circulation such as this.

Thanking you once again, I remain,

Yours sincerely,

Carmel H. Psaila ARPS.

Dear Joe:

Under separate cover I am sending you a copy of Oceans, with the piece on the IOI. It is rather conspicuous propoganda for Malta! The pictures came out just beautifully, and we are very happy with them. The originals are being returned to Mr. Psaila directly from Oceans. I am enclosing herewith his honorarium. Could you be so kind as to transmit it to him -- I don't have his address.

We are going to get 1,000 offprints of the article. Maybe the Tourist Board would like some.

Life has been quite incredibly hectic, but a lot of good things are in the works.

Give my love to your family: I really enjoyed my last visit with Claude and Chris. Tell Claude that I am going to bring him a book next time.

All the best,

Yours as ever,

Elisabeth Mann Borgese

Dear Elisabeth,

Many thanks for your letter of February 8, just received. I have passed on the cheque to Mr. Psaila and a copy of my letter to him is attached.

I am indeed looking forward to seeing a copy of "Oceans" and I'm sure that the Tourist Board would welcome some copies of the offprint; if you will let me have these in due course I will certainly pass them over to the Chairman.

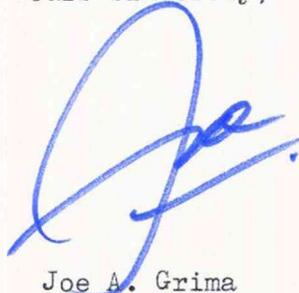

It's good to hear that a lot of good things are in the works and not surprised at all to know that life has been hectic - this is the way you enjoy it most! Interesting to know what you are up to now.

What about the plans for this year's Pacem In Maribus? Any news on this particular front?

Rita and the kids join me in sending you kindest regards. Claude did get your message and he asked whether "the Lady of the Sea" is coming home tomorrow!

Regards.

Yours sincerely,

I am enclosing a letter from "Oceans" as well as a cheque for 300 dollars, sent over by Mrs. Elisabeth Mann Borgese to be forwarded to you. She also tells me that the originals are being returned directly to you and I am sure you will get a copy of the magazine very shortly.

In her letter, Elisabeth says that "the pictures came out just beautifully, and we are very happy with them". - Well done Lino, once again, and congratulations.

Kindest regards.

Dear Elisabeth,

--- Enclosed is a copy of the supplement carried by the "Sunday Times of Malta". I am quite happy with the treatment we received, and hope that you will also be pleased with it. The 100 copies you asked for are coming to you as an airfreight packet.

--- Also enclosed are cuttings referring to matters of direct interest to you. Amongst these you will find the report of the interview you gave to "In-Nazzjon Taghna", and I have prepared a translation of this.

The Seabed Authority issue was again raised in Parliament. - A cutting from "Times of Malta" gives you all information. "In-Nazzjon Taghna" gave prominence to this discussion, but it only carries the Maltese version of the "Times of Malta" report.

Then, on Saturday, "The Bulletin" carried an editorial on this issue. - The paper's poster on the day also promoted the subject of the editorial.

It is evident that things got stirred up quite a bit these last few days.
- Hope that all goes well for you in Geneva.

Kindest regards.

Yours sincerely,

Joe A. Grima

Dear Elisabeth,

Many thanks for your two letters. - I did have a word with the editor of "In-Nazzjon Taghna" and he has promised to publish your letter.

I sincerely hope that you will make progress with the ocean-space regime issue. Good luck.

I look forward to hearing from you and to see you in Malta in May.
- Kindest regards.

Dear Jean,

How are you? It's been such a long time since we've been in touch. Last time Elisabeth was here she suggested I drop you a line for her to see as well every now and then.

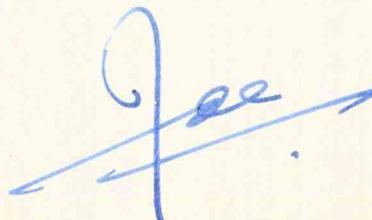

Enclosed are a few copies of the special Sunday Times of Malta supplement we succeeded in getting published yesterday. - There's quite an interesting story behind all of this. For when Elisabeth handed the papers over to Victor, he went straight on to the old lady and gave her the document. In the meantime I had made the necessary arrangements with the editor, informing him that he would be getting the papers through Victor. Some days went by and the papers never reached the editor, who got worried and 'phoned up. I contacted Victor immediately - only to discover what he had done. Of course, the old lady, had put them in her handbag and that was the end of it all! However, working through her secretary we finally got the whole thing into print and I think that Elisabeth should now be quite happy about it all.

It also happens that this was published on the very eve of the day when Malta's application to join the 77 should have been considered with rather discouraging results reaching us.

Things don't seem to have changed at all in Malta since I've spoken to Elisabeth.

I look forward to hearing from you and will certainly keep you posted. Kindest regards to you all.

Yours sincerely,

Joe A. Grima
